

# Coriolis mass flowmetering from FCI

## FlexCOR® CMF Performance

- >> Wide flow range  
(0.1 lbs/min to >1900 lbs/min)
- >> High accuracy ( $\pm 0.1\%$  of flow rate)
- >> Withstands high pressure  
(6760 psig [460 bar])
- >> Rugged design (Meets NEMA 4x)
- >> Profibus, Fieldbus or HART communications

**NEW!** Hazardous Area Approval

## Sample Applications

- >> Automotive fuel injection system testing
- >> Adding food colors or preservatives
- >> Batch control in beverage processing
- >> Pharmaceutical inline product sampling
- >> Low flow in test laboratories

## >> FCI. The mass flow experts.

Determine mass flow, volumetric flow, density, temperature or fraction flow in liquids and gases with FCI's advanced FlexCOR® Series Coriolis mass flow meter. FlexCOR's Coriolis sensor and ASIC design supports high speed batch control with multiparameter measurement in a wide range of processes.

Call FCI toll free today at 1-800-863-8704 for a free CD Catalog and Applications Guide created for your specific industry.
